---

Firstly, I would like to say Thank You for giving me the opportunity to apply this position , my name is **Hsu Shoon Lae Nwe** and I graduated BE (IT) from Technological University (Hmawbi). Now, I'm a **Fullstack Web Developer** in **Asia Strategic Holding Group of Company**. I've responsible for making UI/ UX design , developing the websites and maintaining all of the company websites from that group. I worked effectively by the rule of facility Management Job description.

Before previous one ,I worked as **Odoo Web Developer** at **SMEI** (Odoo Gold Partner Company) ,Especially it's responsible for making Websites for Client, UI/UX Design , POS system, ecommerce and elearning Website and fixing the debug in odoo.

The very first one, I worked as an Programming Instructor (Specialized in Web Development) and as the company requirement I changed the position to the Front-End Developer , Python (Django ) Developer step by step at Little Code Lab Myanamr .While I am working as Front End Developer, I'd responsible for making Web Templates, Website in Front-End using Front-end technology including SEO Features . As Python developer , I've responsible for making Web App .

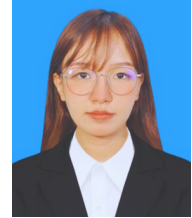

I am easy going person and I can work well with everyone. I enjoy being around different types of people and I like to always challenge myself to improve at everything I do. I have enclosed my resume along this letter that will show you detail of my educational and other experiences.

Thank you for taking your time to review my resume. I would welcome the opportunity to discuss how my education, practical skills, and background would qualify me to be family member of your company. Please contact me at **+959975803356** or **sushoonlaenwe@gmail.com** to set up a time for an interview. I'm looking forward to hearing something from you.

Sincerely ,

Hsu Shoon Lae Nwe
